

ABOUT US

Adventure Auto Glass was founded in March of 2023 by Tim Jenkins, Fawn Deckard and Josh Newton. Combined we have over 60 years of experience in the auto glass industry. Adventure Auto Glass was formed after our previous employer sold out to a nationwide corporate company. We wanted to bring back that small, locally owned business atmosphere that we had "perfected". We strive to offer excellent customer service, affordable prices and top of the line quality workmanship. An all around wonderful experience!

SERVICES WE OFFER:

Auto Glass Replacement
Rock Chip Repair
Heavy Equipment
Big Rigs/Semi
Buses
RV and Campers
Farming Equipment
Custom Flat Glass Cutting

CUSTOMER TESTIMONIALS

Jon M: "Veteran owned company, Fawn did a great job working with us getting our sons car in. Quick service, easy to work with getting insurance claim. Thank you, great business!"

Toby K: "Excellent work, very professional, fast, prompt service! Priced very reasonable"

Heather H: "Fantastic experience! Fawn had me scheduled for my repair right away, was friendly and professional and the price was very reasonable. I had my repair done at their office location. great convenient location and cutest waiting room in town (she could do decorating as a side job, super fun)! My repair took no time at all. Would recommend over and over again!"

Lori B: "I just want to say THANK YOU for your great service on 11/29/2023. Not only did they come to my house and fix my windshield, they were so courteous and thoughtful. They treated my car like their own. I will be telling all my friends and family about this company. GREAT JOB and thank you again!"

Rachel P: "Adventure Auto Glass was so easy to work with! Adventure communicated with my insurance company quickly, and had my windshield replaced the next day!! The staff were all so friendly, from the lovely ladies at the front to the gentleman in the back!! They had my new windshield installed, and ready in under an hour! I definitely recommend Adventure Auto Glass, I will be using them again if the need arises!!"

Provides audible, visual, or haptic obstruction warnings during low-speed parking maneuvers
- Traffic Sign Recognition
Recognizes traffic sign info and visually relays it to the driver

WHAT IS ADAS?

ADAS stands for Advanced Driver Assistance Systems.

Advanced driver assistance systems (ADAS) are primarily focused on collision avoidance technologies (for example, lane departure warning and blind-spot applications) and driver aids, such as night vision, driver alertness and adaptive cruise control.

When does my vehicle need to be calibrated?

Several common circumstances call for recalibration for ADAS, including the following:

- Windshield replacement
- Wheel realignment
- Suspension changes
- Camera replacement or removal
- After vehicle is repaired at a bodyshop from a collision, even a minor fender bender.
